

Laurie Moore

Dear MS USAG Professional members,

It has been my great pleasure to volunteer and serve on the Mississippi USA Gymnastics State Administrative Committee for many years. Working closely with the members of the MS SAC, the MS NAWGJ State Committee and the professional membership to assist, promote and grow Mississippi gymnastics has brought me much joy.

As a previously competitive, optional level Mississippi gymnast with over 25 years of coaching and judging experience, I will strive to use my personal experience coupled with valued membership relationships, communication and feedback to continue to support and improve our gymnastics organization each year.

It is my goal to promote an environment for gymnasts to thrive competitively while growing as a cohesive Mississippi team, as well as to inspire longevity in the sport through nurturing a love for gymnastics, teammates and coaches.

I hope to continue to serve and work with the members of our state as we take strides to create new opportunities for our athletes, coaches and judges.
